**It is an offence under the Road Scotland Act 1984 to fail to apply for consent from the Local Authority. The local Authority has a duty under the NRSWA 1991 as amended by the TRANSPORT Scotland act 2005 S19. to give advance notice of certain works and notice of start date for consents granted, in the SRWR.**

**1(d) Company or person intending to apply for a temporary restriction for an event or other reason under the road Traffic Regulations 1984.** The local Authority has a duty under the NRSWA 1991 **as amended by the TRANSPORT Scotland act 2005.** to give advance notice at certain locations and notice of start date of events, in the Scottish Road Works Register.

3. Examples of other restrictions may include applications for waiting restrictions, one-way systems, speed restrictions or suspension of parking places. If you consider that you require a temporary restriction for any other purpose other than those listed please contact our Traffic Management Team on telephone number 0845 277 7000 who will advise.
4. A **minimum** of 28 days notice is required for all temporary restrictions (excluding emergency works), applications for Urgent works will be assessed on an individual basis.
5. If a temporary restriction is required to accommodate emergency or urgent works the applicant should contact the Traffic Management Team on telephone number 0845 277 7000 for guidance.
6. Details of the extent of the restriction should include information such as postal address points e.g. between number 52 and 92 Main Street, or details of geometry such as road junctions and special features such as bridges, traffic signals etc.
7. If the applicant proposes to erect and maintain the traffic signs associated with any diversion route, these must be designed and erected in accordance with the requirements of the Traffic Signs Regulations and General Directions 2002 and the Traffic Signs Manual (Chapter 8). Any proposed diversion route should be shown on a plan of a suitable scale and submitted with the application form. The plan should highlight the position of each sign and show the sign face and diagram number for approval by the Traffic Management Team.
8. If the applicant requests the diversion route to be designed and erected by Stirling Council, an Order / Reference Number must be provided
9. Two emergency contacts should be provided with all requests for temporary restrictions. Where the applicant proposes to erect and maintain the traffic signs associated with the temporary restriction and/or diversion route one of these contacts should be available at any time (24 hours) to deal with any emergency associated with the signing or diversion route which may arise.
