00052 Screening - Stirling Council - Core Paths Plan

Dear Richard,

With reference to the Screening document you submitted on 5 April 2006.

The Consultation Authorities have now considered your screening request as per Regulation 14(3) of the **Environmental Assessment of Plans and Programmes (Scotland) Regulations 2004**. For convenience I have set out in the table below their individual views on whether there is a likelihood of significant environmental effects. I have also attached copies of the individual letters from the Consultation Authorities, outlining their views and opinions. Where possible the Consultation Authorities have offered supplementary information and advice for you to consider, which you should find helpful.

CONSULTATION AUTHORITY	LIKELYHOOD OF SIGNIFICANT ENVIRONMENTAL EFFECTS
Historic Scotland	Yes
Scottish Environmental Protection Agency	No
Scottish National Heritage	Yes
OVERALL VIEW ON LIKELYHOOD OF SIGNIFICANT ENVIRONMENTAL EFFECTS	Yes

As the Consultation Authorities have now notified you of their views, you should now refer to the Regulations to consider your next step. You should of course take into account the advice offered by the Consultation Authorities.

You should note, as per Regulation 15, within 28 days of your determination about whether an SEA is required or not, a copy of the determination and any related statement of reasons must be passed to the Consultation Authorities. This may be done via the SEA Gateway.

If you have any queries or would like me to clarify any points, please call me on 0131 244 1704.

Yours sincerely

Elaine McCall
SEA Gateway Officer
