

APPROVED Minutes 133 Cambusbarron Community Council March 2021

Members and office bearers

Marion MacAllister, Chair (MMacA)	Janice Paterson, Vice Chair, (JP)
Ann Finlayson, Secretary (AF)	Keith Ratcliffe (KR)
Melissa Nelson, Treasurer (MN)	Jennifer Macleod, Planning (JM) *
Cathie Graham (CG) *	Douglas Campbell (DC)
Richard Blore (RB)	Scott Farmer (SF) elected rep *
Christine Simpson, elected rep (CS)	Neil Benny (NB) elected rep *
Pam Campbell, Stirling Council (PC)*	Pam King, police (PK) *
Mark Hill, Headteacher (MH)	Helen Bang, minute clerk (HB)

1. Introductions and Welcome

- 1.1 The Chair welcomed everyone to the meeting via Zoom.
- 1.2 *Apologies were received from Pam Campbell, Scott Farmer, Jennifer Macleod, Cathie Graham, PC Pam King.

2. Minutes of previous meeting

- 2.1 The minutes of the February 132 Zoom meeting were approved with minor amendments, see item 7.2.
Proposed MN, Seconded DC.
ACTION HB to AF for Stirling Council.

3. Matters arising

- 3.1 Map project [KR] - ongoing.
- 3.2 Burnside orchard [RB] – ongoing.
- 3.3 Burnside Bridge – RB/DC. Offer of getting materials still seems to be available. Have sent list to SC.
- 3.4 Footpath project – See Item 12 Kersebonny.
- 3.5 Persimmons adoption – no further information, carry forward.
- 3.6 Playpark improvements – no progress as work is weather dependent, carry forward.
- 3.7 Dog fouling and litter – see under 4.2 Catriona Rae (Keep Scotland Beautiful). Will have to ask Councillors for support re bags and uplift.
Litter particularly bad in certain areas. Heather from KSB keen to have Spring Clean. MN will forward email.
- 3.8 Cambusbarron Fund (MMacA) This will open for applications next week with the closing date of 30th April. The subsequent application deadlines for 2021/22 are 31st July, 29th October and 31st January. The community council will adjudicate this application round.
ACTION MMacA to circulate posters.
- 3.9 Community Council insurance (MMacA) Has sent back asset list. Have asked for steps, handrail, bridge to be public liability insured. DC thought we were covered for this. Distance between bridge and top of steps? Would 100 metres cover it? Perhaps 40 metres.
- 3.10 Can have additional insurance cover for people driving on behalf of CC. Covers Councillors and volunteers. Covers any loss of no claims discount, policy excess protection £1.60 per head per person per year?
Should we get this cover? RB covered through work. Agreed we should take out this cover. SC requires register of names to be covered. Will add Derek MacAllister who does plant pots etc. **ACTION MMacA** will circulate list so Councillors can opt in.
- 3.11 Parking church corner. (MMacA). See Police Report Appendix I
We have received a response from Police Scotland to confirm that they would only enforce parking offences under limited circumstances. They would look for the support of Stirling Council as they have the power to enforce. This response was

forwarded to our councillors, we have however asked for the presence of Police Scotland when possible. This has the potential to be very dangerous on dark rainy nights and it would be good to nip this habit before it becomes ingrained behaviour. We will formally ask for the assistance of our councillors in this matter.

RB there were traffic lights this week. White van double-parked there caused an obstruction.

ACTION MMacA will write again to the elected representatives regarding this.

4. Reports

4.1 Police Report Attached as Appendix I

4.1.1 Road traffic offence with dirt bike.

4.1.2 Two people were fined for flouting Covid 19 restrictions.

4.1.3 RB - People smoking hash near the quarry. Police were parked nearby but didn't respond, were waiting for them to leave but there is another exit road from the quarry.

ACTION MMacA Report to Police again.

4.2 School Report [HT] Attached as Appendix II. Taken first.

Delighted to have everyone back of school as of 15 March. Health and wellbeing of pupils and staff. Literacy and Numeracy. Because of remote learning we have better idea of where children are with learning. Given money from Scottish Government to spend on additional support. Approx £6K. Small focus groups, will track this closely. Long list of mitigations in place to ensure safety. Lateral flow testing for adults conducted twice a week, Sunday and Wednesday, to ensure school is Covid free.

Years 1-3 bounced back. Additional support was put in place quickly. Delighted with how they have returned. Expect the same for Years 4-7. Working on nursery/Primary 1 transition. Creating a website for parents to use. Expecting to do face-to-face visits as well.

4.2.2 Stirling High School well on way with virtual transition for Primary 7s also committed to face-to-face as well.

4.2.3 Invested with Learning through Landscapes. Working from inservice day in May for next year. Meaningful learning outdoors.

4.2.4 Vandalism and dog fouling. On Facebook page have had some issue with nursery garden. Pieces of furniture destroyed. Leaving debris / litter. Has been raised with Community Police and local neighbours. Looking at increasing height of fencing potentially looking at costs of making this secure. However, then garden wouldn't be available for the community. Increasing signage. There is CCTV although not great quality. Has asked SC if it can be upgraded.

Mr Reynolds, janitor, recurring problem at main entrance with dog fouling. Signage in this area.

Have received dog poo bags.

Fantastic to have the pupils back in school.

MMacA – JP and MN have taken dog fouling as a project. Meeting with dog warden, had to be rearranged. Keen to involve children. Will email MH any correspondence.

MN – designing posters.

MMacA Keeping Community Tidy – difficult as SC won't provide orange bags or do uplift. 5000 dog waste bags have been received into the community and these are now available for uplift from the Coop, More Butcher and at the school door.

ACTION JP/MN

4.3 Planning [JP] Attached as Appendix III

4.3.1 Front porch 130 Gillies Hill

4.3.2 Rear extension at St Thomas' Well.
No issues.

4.4 Greener Cambusbarron [MMacA] Attached as Appendix IV

Application to Community Pride for replacement tubs at bowling green, have heavy recycled plastic ones this time. Craig Heaney, grateful for his support. Have applied to Community Covid Fund for £1500

4.5 CCDT [AF]

Castle Gardens planning to plant flower beds. Walled garden can't go any further until get felling licence. Now has to wait until end of the summer.

Sawmill Road – hope to get this patched. Bad potholes.

Waiting for quotes to do estate gates at main Castle Driveway.

Looking to put in power – all tools obtained through grant are electric.

4.6 Treasurer's report [MN] Attached as Appendix V

4.6.1 Five week month so no bank statement yet. No transactions cleared. Playpark to SC. Clerk's fee and fee for gala.

4.6.2 Funds available to CC £2830.81

Main agenda

5 Seven Sisters [AF]

5.1 Had another meeting. Planning application sometime in March. Map of where accesses are going to be arrived this evening. **ACTION AF** will circulate. Now 194 houses. SC are insisting there must be one bedroomed flats. Want future accessible flats, 2 lower are wheelchair accessible. Stirling High are increasing to five houses because of increase in numbers. MMacA had asked that Section 75 be reviewed regarding number of houses, including those at the Mill development, being built, but hasn't had a satisfactory response.

6 Quarry Road [DC]. Attached as Appendix VI

6.1 Issue with embankment falling into the burn. Virtual meeting on 26 February with Clare Elliot (CE) from SC, Flooding Co-ordinator and two residents. Main topic was damage to embankment. How had damage been caused, flood, thunderstorm in September. Are SC accepting responsibility, it's an adopted road. May need culvert. CE has reported to her manager, to the safety manager. Nothing promised yet. MMacA – is there a timescale? CE is supposed to be organising a survey to see where water is coming from. **ACTION DC** will keep in touch regarding safety.

7 Murrayshall and ROMP [DC]. Attached as Appendix VII

7.1 Decision arrived this afternoon, allowing appeal. Paterson's have won subject to 16 conditions. Main condition is Polmaise Road must be improved before access is used. (This is something we asked for. Road couldn't be used by HGVs without improvement. There was nothing in original application to say they would improve it.) DC can't see who will pay for the improvements. Reporter has said unless road is improved Paterson's can't use access. KR if Paterson's have to pay for this it may put them off. Tillicoultry had said they could run lorries on existing road.

7.2 KR can they have just one access? DC pretty certain that ROMP will allow two accesses. SC issued draft ROMP conditions before Christmas which mentioned two accesses. Reporter paragraph 12 says 'because SC had included two accesses in conditions' this is what will be approved.

Can't see any way of stopping Paterson's Quarry.

Typing error in February report – Paterson consultants mixed up. **ACTION HB**

7.3 How to publicise this decision? On Facebook? **ACTION DC** will draft something.

8 **City Fibre maintenance (MMacA)**

Roads under two year warranty. Supposed to be restored in good condition. Either phone contact centre at SC 40404. Or email nrsa@stirling.gov.uk Details of how to report issues has been placed on our Facebook page, this will be made into a poster and placed in our notice boards.

9 **Scottish Field article – Jaffrey**

9.1 Craig Heaney wrote article in *Scottish Field*. Has donated £100 fee to Greener Cambusbarron. **ACTION MMacA** will send to DC to scan and circulate.

10 **Garages at the school [JP]**

10.1 Serious safety concerns. PC was going to look into this some years ago. One has now fallen down, there are piles of rubbish. AF has had meetings specifically about this. **ACTION MMacA** – file report, cc Councillors citing danger

11 **Response to email - speeding on Touch Road**

11.1 MMacA forwarded email beginning of March from resident. Concerns about no signs, speed limit changing, nothing about school children crossing etc. Christine Simpson sent to Traffic Management. Response - Traffic Officer area was going to look at how to improve environment for pedestrians and consider signage. **DECISION** CC recognises concerns, awaiting result of proper survey. **ACTION MMacA** will write and update resident on this decision.

12 **Kersebonny Path [AF]**

12.1 Link with footpath plan from KR and DC.
KR has taken photographs. Not viable – land it goes through is owned by Scottish Government administered by AMY. Would have to make it a very formal, expensive path, high fencing with motorway. Current route through estate is safer. Originated with resident in Persimmons.
No through path from Citizen Jaffrey and the park – only route is out on main road. KR looked at this with SC officer – private developments probably won't allow this. Should have been done when houses first built.

DC – on plan – no big difference between going through the park as opposed to the other route down to the motorway. Funders would want to know how paths would be used.

- 12.2 AF circulated photographs. If could upgrade Kersebonny Road path it would be much safer.

KR have cleared burn and piled rubbish on field. The existing 'path' is quite narrow and would probably need widening. Clearing burn leaseholder of field has left piles of rubbish etc.

Do we have Footpath Officer at this moment? KR lost contact with person appointed in 2019. **ACTION KR** ring SC 404040 and ask for email.

There was a discussion regarding whether this is a core path. Path needs draining at the least. KB it would take a lot of money to improve. Path would need raising etc. Another option would be to boardwalk a section.

JP went upside down briefly at this point.

- 12.3 **ACTION MMacA** will amend application for funding including 'boardwalk' and 'steps', will revisit in April. Gate to replace stiles so dogs can have access?

9078CB /01 Core path reference.

13 Feeding the Bees project [AF]

- 13.1 Suggestion - not getting some grass verges cut to encourage bees? Continue to keep grass verges in village tidy.

14 AOCB

- 14.1 Easter project [MN] Attached as Appendix VIII
Sunflower seeds, compost etc. Wellbeing. Will be put together this week to go to school 22-23 March.

14.1.1 Enquiries will be made re allergies to chocolate.

- 14.2 Brown bins. MMacA has written to Councillors. Do we have to have a number on bin? License is sticker which goes on bin.

14.3 Benches in park.

MMacA wants to apply for £1500 to Community Pride for benches.

DECISION agreed unanimously. **ACTION MMacA** apply for funds.

- 14.4 AF – mobile CCTV for the village? MMacA not sure this is allowed. In co operation with shops might be able to have additional cameras. **ACTION MMacA** to contact Pam Campbell.

15 Items to carry forward for April agenda.

16 Date of next meeting

Tuesday April 20 at 7pm. Zoom link to be advised.

17 DECISIONS taken at this meeting

- 11.1 Speeding on Touch Road

MMacA

14.3 Benches in park apply to Community Pride MMacA

18 ACTIONS

2.1 Approved February minutes to AF for Stirling Council HB
3.8 Cambusbarron Fund application posters MMacA
3.10 Insurance for CC members MMacA
3.11 Parking concerns MMacA
4.1.3 Report anti social behaviour at quarry to police again MMacA
4.2.4 Litter picking etc JP/MN
5.1 Seven Sisters - accesses map to be circulated AF
6.1 Keep in touch with Clare Elliot re safety DC
7.2 Amend quarry report appendix for February minutes HB
7.3 Draft social media post for Quarry update DC
9.1 Scottish Field Jaffrey article circulate MMacA
10.1 Garages concerns MMacA
11.1 Update resident re speeding issue MMacA
12.2 Find out who current Footpath Officer is KR
12.3 Amend funding to include boardwalks etc MMacA
14.3 Benches - apply for funding MMacA
14.4 Mobile CCTV regulations etc contact Pam Campbell MMacA

19 Dates of next meetings

20 April, 18 May, 16 June, 21 September, 19 October, 16 November
18 January 2022

20 The Meeting closed at 8:55pm

Appendix I

Name of Community Council	16/03/2021 – Cambusbarron Community Council meeting Our priorities in the Cambusbarron area continue to be Anti-Social Behaviour, Drug misuse/Drug dealing, Road Safety and Community Engagement and Reassurance.
Crime reports	Crime Reports for Cambusbarron area between 16/02/2021-16/03/2021 Detected cases: 4 17/02/2021 – Road traffic offence (dirt bike) 28/02/2021 – 2 x Breach of Coronavirus regulations 03/03/2021 – Possession of a controlled drug (Cannabis) 09/03/2021 – Assault/Breach of the Peace Undetected: 1 14/03/2021 – Failure to report a road traffic accident Total Crime Reports: 5 There were 32 calls made to Police for the Cambusbarron area over the stated period. The calls relate to a number of incidents including anti-social behaviour, domestic matters, road traffic

matters, vulnerable/missing persons and neighbour disputes.

**Other
Incidents of
note/relevant
Community
Council
information**

DRUGS

Efforts are always being made to obtain intelligence in relation to substance misuse and drug dealing in the Cambusbarron area.

Any information regarding substance misuse and drug dealing is welcomed, and can be reported to Police Scotland via Tel: 101, to Crime stoppers, or directly to the Community Officers via:

StirlingWestCPT@scotland.pnn.police.uk

Your information/name will never be disclosed.

MURRAYSHALL QUARRY

Over the last month we have received 7 calls (some on the same day/similar time) from members of the public in relation to dirt/quad bikes being used at said location. Police have attended on each occasion and as a result 3 crimes have been detected.

On 17/02/2021 one male was traced riding a dirt bike within the quarry and was issued with a formal warning under the terms of the Anti-social Behaviour (Scotland) Act 2004.

On 28/02/2021 two males were traced within a van close to the quarry entrance with dirt bikes within. Police did not observe the males riding dirt bikes and as such they were unable to be officially warned under legislation however both males were issued with a Fixed Penalty Notice in relation to a breach of Coronavirus Regulations.

We will continue to carry out high visibility patrols wherever possible.

BLISTER PACKS

We are continuing to work with Stirling Council in order to monitor the footpaths at Burnside and the path leading from the Touch Road towards the football pitches in relation to empty blister packs found at said locations. If anyone has information with regards to who is responsible for this then please contact PC's Barclay and King at the email address noted below. [We will continue to monitor this area as much as possible and update you should there be any developments.](#)

PARKING ISSUES

[We have been made aware of parking issues on Main Street, opposite the junction for Birkhill Road. I believe Stirling Council have also been made aware and we shall work together in order to alleviate the issue. Please be advised that Stirling Council have enforcement powers and Police Scotland have enforcement powers in limited circumstances only.](#)

We will carry out high visibility patrols wherever possible.

Feedback from meeting

Please e-mail any feedback/questions to PCs King and Barclay:-

StirlingWestCPT@scotland.pnn.police.uk

Cambusbarron Primary and Nursery Headteacher Update 16.03.21

- **Transition,**
- **Returning to School**
- **Mitigations in Place**
- **Vandalism and Dog fouling**
- **Outdoor Learning**

Transition arrangements

P1 transition discussions with children have begun which help to shape the transition planning which is underway including discussions with feeder nurseries. Plan will be to include physical visits to the P1 rooms and outside space but mindful of covid guidelines.

Plans for virtual transition to SHS are well into development by our High School colleagues and will be shared by the Stirling High team in due course. The understanding is that virtual transition planning will be amended should face to face transition opportunities be permitted.

All classes returning to school

We are delighted that all classes have returned to school this week. It is understanding that parents get anxious; this is an unprecedented time. HWB is the most important thing. What we want most is to receive children who are happy, feel safe and secure and loved. We know our families really well. We know those who are finding this time more challenging. We already have a clear idea of where we may need to focus emotional support or learning support when the children return. The school team will be very responsive to this.

Over the first couple of weeks we will quickly establish where the children are at in their learning; particularly in reading, writing and numeracy. Teachers are highly experienced and skilled at assessing where children are at and establishing next steps in learning.

We also have our data from tracking remote engagement and the ongoing feedback from remote learning. We are in a strong place to start from. It is a very different picture to returning from lockdown 1.

To help with this we have been awarded over £6000 to support learning by the Scottish Government. This money will be used to pay for additional staffing to support focussed learning groups where gaps have been identified. Our SLA team is also now up to full strength which gives us more flexibility around deployment.

Finally, I just wanted to say how proud I am of the staff team who at times, like many of us, have been at a saturation point.

Mitigations In Place

We are following Government advice to ensure the school is Covid safe. This includes;

- Hand sanitising units are installed at all entry and exit points and in the classrooms.

Appendix VI

CAMBUSBARRON COMMUNITY COUNCIL QUARRY ROAD DRAINAGE AND EMBANKMENT ISSUES REPORT FOR [VIRTUAL] MEETING 16th March 2021

A virtual meeting was held on 26th February between myself on behalf of CCC, Claire Elliot [CE], Stirling Council Flood Co-ordinator and two residents with a direct interest in the issues.

There was a general consensus that the issue of water welling up through the surfacing at the Quarry Rd Touch Rd junction had been resolved, possibly due to remedial work by Public Utilities, but no details had been passed to CCC. This matter will be monitored

The agenda for the meeting was

1. introductions
2. description of the issues on Quarry Rd
3. when/how the issue arose
4. responsibility for remedial action
5. form of remedial action
6. programme for remedial action
7. temporary measure for public safety.

No formal acceptance of responsibility from SC for maintenance of Quarry Rd embankment, but my view is that this will be forthcoming. Possible remedial actions include a barrier with pre-seeded reinforcement of the embankment or a culvert with a grass covering formed into a 'swale' SC are keen to identify the source of the flooding before any remedial action proposed, but the current safety concerns and need for temporary protection was highlighted.

Actions arising from the meeting were

- a) CE will summarise discussion and present report to her manager
- b) CE will copy report to SC's Safety officer
- c) CE to arrange survey of primary source of flooding onto Quarry Rd
- d) DC offered to meet [COVID-19 Regs permitting] any inspector on site to identify flooding source
- e) JMCA will continue to monitor damage to his property
- f) DC will report progress to CCC

CE has completed actions a, b : actions e, f are ongoing

Copy of meeting note attached as appendix

Douglas Campbell
13th March 2021

APPENDIX 1

CAMBUSBARON COMMUNITY COUNCIL QUARRY ROAD EMBANKMENT

NOTES OF MEETING 26TH FEBRUARY 2021: MICROSOFT TEAM MEETING

ATTENDEES

Claire Elliot: Stirling Council Flood Co-ordinator. [CE/SC]

Douglas Campbell: Cambusbarron Community Council [DC/CCC]

J McArthur: resident [JMCA]

J Mair: resident [JM]

AGENDA

8. introductions
9. description of the issues on Quarry Rd
10. when/how the issue arose
11. responsibility for remedial action
12. form of remedial action

13. programme for remedial action
14. temporary measure for public safety.

DISCUSSION

2. description of the issues on Quarry Rd

DC outlined issues at the lower section of Quarry Rd Cambusbarron. These were series of slips in the small embankment supporting the east side of the road and a length of kerb-line previously repaired by SC starting to move in towards the burn.

In addition, the wall supporting JMCA garden property has been undermined, and this process is continuing, exacerbated by the soil from the embankment slip pushing the burn flow towards his wall.

A previous reported problem where water was welling up through the surfacing of the Touch Rd /Quarry Rd junction appears to have been resolved.

The community view was that the above are a hazard for pedestrians and vehicles using Quarry Rd because of the ongoing movement of the slips, the close proximity of the edge [about 300mm] from the kerblines, and the drop from road level to burn level of approximately 2m

3. when/how the issue arose

JMCA and JM stated that during a heavy storm in the latter half of 2020 water cascaded down Quarry road, overtopped the kerb line and caused the damage to the embankment.

DC suspected that there was also a component of damage caused by water flowing through the road sub-surface construction

CE plans to identify the source of flooding and proposes arranging survey of the upstream features.

4. responsibility for remedial action

DC referred to an email from Maria Lucey on 23rd September 2020 on general responsibility for flood damage where it appeared that SC were not accepting maintenance responsibility for this adopted road, but highlighting upstream land owners. DC's reply of 27th Sept was mentioned [see extract on land ownership as appendix to these notes]

Discussion on possible land ownership by Margrave Estate. Stated that since Quarry Road was an adopted road [adopted about 12 years ago after upgrading work by SC] the view of CCC was that SC were responsible for maintenance, including for the supporting embankment.

Currently SC do not formally accept this, but further investigations ongoing

5. form of remedial action

On basis that item [4] above is resolved, CE explained that two main options for SC remedial action.

1. Leave as open culvert but install safety barrier to protect from 'greater than 1m' drop, and possibly use a pre-seeded fabric to stabilise the embankment
2. Culvert the burn [possibly perforated pipe] covering by 'swale' -grass covering over pipe formed into a ditch shape.

Noted that for [1] since Quarry Road has no footpath, and no room for a footpath, the construction of a barrier would force pedestrians onto the road.

J McA, as resident mainly affected by any remedial works expressed support for option 2.

6. programme for remedial action

CE explained that any permanent remedial action unlikely to be in near future due to lack of resources, both financial and physical, but that a report will be given to manager on the issues

7. temporary measure for public safety

Community expressed concern at the current safety issues associated with the hazards and asked that as a temporary measure that some form of barrier be secured to highlight and safeguard the hazards.

CE advised that roads officer inspected site on regular basis

ACTION

CE will summarise discussion and present report to manager

CE will copy report to SC's Safety officer

CE to arrange survey of primary source of flooding onto Quarry Rd

DC offered to meet [COVID-19 Regs permitting] any inspector on site to identify flooding source

JMcA will continue to monitor damage to his property

DC will report progress to CCC

Notes prepared by Douglas Campbell

Cambusbarron Community Council

28th February 2021

Appendix VI

**CAMBUSBARRON COMMUNITY COUNCIL
MURRAYSHALL QUARRY
REPORT FOR [VIRTUAL] MEETING 16th March 2021**

- **PATERSONS QUARRIES PLANNING APPLICATION FOR NEW ACCESS [Second Application 18/00735**

DPEA Appeal Ref PPA-390-2072

Firstly, a correction to February report. Third paragraph, delete Pinsent Masons and substitute Turley.

I am still not aware of any response from Patersons to reporter on possible requirement for EIA

On 24th February I submitted a response on behalf of CCC to the reporter on both Stirling Council's and Patersons submission on the '29 matters'. In addition, as the reporter had requested details of proposed ROMP conditions from the two quarry operators. I also submitted at the same time a copy of CCC comments [previously sent to SC in Oct 2018] 'for information', but the reporter has decided not to formally consider this document

I was informed on 11th March that the “*reporter has carried out an unaccompanied site inspection. It is likely now that the reporter will have enough information to make his decision and it will be issued in due course.*”

On 16th March the reporter’s decision was announced: *I allow the appeal and grant planning permission subject to the 16 conditions listed at the end of the decision notice. I draw attention to the 3 advisory notes at the end of the notice*

One of the main conditions is that Polmaise Rd must be improved in accordance with the Systra report before the access is used. Details of other conditions will be given in a subsequent report.

- **TILlicOUNTRY QUARRIES /PATERSON QUARRIES ROMP APPLICATION 18/00137**

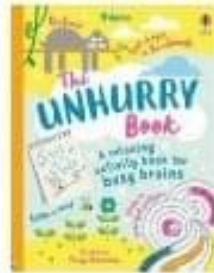

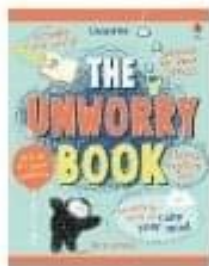

No further information on progress of ROMP.
